FROM THE PRINCIPAL

NAPLAN Testing

Our NAPLAN testing went ahead with only minimal disruption. There were some catch up tests conducted with a few students who were absent or experienced technical difficulties but on the whole it was pain free!

Assembly

Today the Year 1's had their assembly. What a beautiful performance. How proud am I as the Principal to see everyone sitting quietly and watching. The Kindy students came to watch today for their first time. We just loved having them and hope they enjoyed the assembly.

Fitness Club

Mr Emery has started a fitness and running club for interested students each Tuesday at 8.10am. This week we saw a large group attend and enjoy some physical activity before school. Mr Emery was ably assisted by our Sports Captains. All years are welcome.

Hats

School hats are compulsory until the winter months of June, July and August when they are recommended but not policed by duty teachers. Please check that your child has their name in their hat and has not accidentally taken someone else's.

Our lost property is growing! If your child has lost an item please check the lost property which is housed at the back of the junior hall.

Kindergarten Enrolments for 2020

Our Kindergarten enrolments for 2020 are now open. Please see the office for information regarding the application process.

Enrolment for students going into Pre-Primary for 2020 will be opened as soon as Kindergarten applications have closed—at the end of July. Students coming into Pre-Primary will have to show evidence of where they are currently residing at this time. Due to the large number of students in this year level we will be unable to accept students that are not residing within our local intake boundary.

Warm Regards,

Jenni Chittick

OUTSTANDING STUDENT VOLUNTARY CONTRIBUTION AND CHARGES

Last week posted home to parents was a reminder of the UNPAID voluntary contributions and charges for various students across the school.

If these outstanding amounts could be finalised as soon as possible that would be wonderful and this will assist with the budgets for resources, kitchen garden, grounds maintenance, excursions and sporting events.

If you would like to part pay the outstanding amounts that is not a problem. Please see the front office arrange this.

I thank those parents who have paid these vital charges and fees, the school appreciates your continued support.

GROUND'S MAINTENANCE

The grounds are looking wonderful and sandpits in the Pre-primary have been cleaned and new white sand delivered during the holidays.

We are able to accomplish these upgrades from the Grounds Maintenance Voluntary Contributions paid by parents this year.

Thank you once again for your support.

CYBER FRIENDLY PRIMARY SCHOOLS PROJECT

The Telethon Kids Institute is conducting the Cyber Friendly Primary Schools Project to better understand schools' and parents' needs around children's use of digital technology, and what information and support they would find helpful.

The project will be developing resources to support parents, schools and P&C/P&F committees to promote positive digital technology use by children, with fewer risks to their safety, development, privacy and wellbeing.

You are invited to participate in the project if you are a parent or carer of a student in Years 4–6 currently attending a Western Australian primary school. You can contribute to this research by participating in a brief online survey or a face-to-face focus group – or both!

Please follow the link to find further information on the project, the Parent Information Form and the link to the Parent Survey.
